RE: Main Street Telephone Company
Docket No. T-03613A-98-0456

Arizona Corporation Commission
DOCKETED
NOV 28 2000

Dear Mr. Crocker:

On August 12, 1998, Main Street Telephone Company, filed an application for a CC&N to provide telecommunications services in the State of Arizona. Due to a recent Arizona Superior Court ruling regarding fair value, Staff requires additional information to process the Certificate of Convenience and Necessity application. Thank you for providing a fair value response to the data request regarding fair value. The following are additional question regarding fair value.

- A. Please provide the projected total revenue for the first twelve months of service. This calculation must assume the Company is charging the **maximum rate** requested in its tariff. Total revenue could be calculated as the number of units sold for all services offered times the maximum charge per unit.
- B. Please provide the projected value of total operating expenses for the first twelve months of service.
- C. Please provide the projected value of **all assets** to be used to provide telecommunications service to Arizona customers for the first twelve months of service. Please be aware that assets are not limited to plant and equipment. Items such as office equipment and office supplies should be included in this figure.
